Houghton, and State Representative Michael Day.

STAC gets American Planning Association Honors

Stoneham, MA - The Stoneham Transportation Advisory Committee continues to work toward educating the community about, and encouraging the development of, multi-modal transportation options for all residents and visitors.

These efforts were recognized recently by the Massachusetts Chapter of the American Planning Association, which honored STAC with its annual Social Advocacy Award and the Citizen Planner Award for 2018.

The Social Advocacy Award acknowledges an outstanding project indicating a high level of advocacy planning on behalf of those in need. The

Citizen Planner Award honors individuals or groups for distinguished contributions and dedicated efforts to planning. STAC was nominated by Stoneham's Director of Planning & Community Development with support letters from local leaders. The recognition was a tribute to the work accomplished by the advisory committee over the past three years in the area of public transportation and mobility.

Further information about the STAC can be found at www.stonehamcdc.org.
