

**Stoneham Transportation  
Advisory Committee  
(STAC)**

Everyone should have safe and efficient mobility.

We understand your commuting challenges. We have a plan to make things better. Join STAC by emailing [info@stonehamcdc.org](mailto:info@stonehamcdc.org) or coming to a monthly meeting. Visit [stonehamcdc.org](http://stonehamcdc.org) and click on “Get Involved” for details.

**Get there safer and more efficiently**

1. Support Complete Streets improvements town-wide
2. Advocate for improvements of Stoneham Square as conceptualized in Town’s December 2016 study.

**Get there in different ways**

3. Support complimentary transportation service between in a continuous East/West corridor (Melrose/Stoneham/Wakefield).
4. Advocate for MBTA service expansion
  - a. Extend the 99 bus route to follow Pond Street/South Street and reach Fallon Road.
  - b. Support more bus trips during peak commutes on the 132 bus line.
  - c. Continue the 131 bus route from Melrose westerly along Franklin Street to Main Street/Rt 28, including a stop at Stoneham High School.

**Shared Approach**

- We bring together caring local stakeholders and committed professionals to find the best solutions.
- We focus our work on the implementation of long term strategic plans.
- We build regional and state partnerships because our challenges are larger than a single town.
- We recognize that accessible and equitable mobility is a basic right.

## About STAC

STAC is an advisory committee of the nonprofit Stoneham Community Development Corporation. We offer Stoneham stakeholders the opportunity to work together to advance local accessible and equitable mobility choices.

STAC formed in 2015 as an ad hoc group to support transportation-related recommendations from a strategic plan for Stoneham Square. Since then, the group has partnered with local and regional leaders to effect an impressive amount of change in a short time.

Accomplishments include extending operating hours of the MBTA Route 132 bus, supporting a Complete Streets policy and re-design proposal, supporting a regional Northern Suburban Mobility Study, completing a ZIP code study with MassRIDES to analyze commuting patterns, and supporting the Council on Aging's successful effort to add a new accessible van through the Community Transit Grant Program so that seniors complete their routine medical care.

American Planning Association  
**Massachusetts Chapter**

*Making Great Communities Happen*

In 2017 STAC was honored with dual APA Massachusetts awards for Social Advocacy and Citizen Planning.
